

REGISTRATION FEE: \$25

Digital Access for Students with Visual Impairments

The digital age has arrived. This session will provide an overview of access in digital formats with hands on application to Teachers of the Visually Impaired and Assistive Technology Specialist. Assistive Technology for students with Visual Impairments is so vast a TVI can't possibly know it all. This session will give an overview of common devices and platforms used by students and for students. The goal is to expand the knowledge base and practical application skills of the participants in digital access. The speakers are successful students who access the devices on a daily basis. The session will be facilitated by an Educational Consultant for Visual Impairment.

Instructor(s): Crystal Patrick; Kenia Flores; Angel Paez

Participants will get 0.6 CEUs

Special Assistance: Any individuals requesting accommodations under the Americans with Disabilities Act should contact the support staff before the training.

****NOTICE****

Call support staff to add your name to the waiting list when institute becomes full.

If payment is not received by June 16, participants will be contacted by support staff via phone and email to confirm payment has been mailed.

On June 30, participants who are on the waiting list will be contacted to confirm attendance and reminded to bring payment to institute.
